Commercially released images for your advertising and promotions

With the huge shift from paper based advertising to online web and social media based advertising your image as a successful and effective business heavily relies on your ability to project the very best you have to offer. Beautiful and striking images of your dancers are vital in building and maintaining a strong following and marketing campaign for your business. With more followers and fans comes greater exposure directed straight at your advertising target base. Our images will give your business the edge and help it stand out amongst your competitors.

Booking a shoot

To secure your booking all that is needed is a non refundable session fee of \$99. If for any reason your booking is canceled you will have the opportunity to reschedule your shoot to the next available date or to a mutually agreed time. To inquire about making a booking please contact Damian at damian@primalstudios.com.au

We offer 2 types of commercial shoots for your convenience.

• Supershoots:

Our Supershoots are by far our most popular option for dance schools. Supershoots are dancer based, not time. Bring 5 or more of your dancers to our studio and receive huge savings and a large number of commercially released and prepared for use image files. Supershoots are designed so schools can minimise the cost of a shoot by sharing the cost with your students this way, everyone benefits. Any extra images purchased by your students will also be released to your school for your commercial use. *(Commercial releases rely on the permission of the dancers involved, release forms can be provided at no extra cost).*

OR

• Standard commercial shoot:

Our standard commercial shoots are time based, business's have the option of a 2, 4 or a 7 hour shoot. Which ever shoot duration you choose you will have no restrictions on the number of costume changes or the number of dancers\performers within your time allocation. We also give you the option to receive all images from your shoot with no post processing or retouching. This option is perfect for those that have access to a graphic designer or re-toucher. For those that do not have access to a graphic designer or re-toucher we also offer the option of a selection of fully prepared images ready for your advertising and promotions. *(Commercial releases rely on the permission of the dancers involved, release forms can be provided at no extra cost).*
